## **KORT Recognized as a Best Place to Work in Kentucky for 6th Consecutive Year**

*The Best People make KORT a Best Place to Work AND The Best in Rehab*

(January 28, 2010) – For the sixth consecutive year, Kentucky Orthopedic Rehab Team (KORT) has been selected as a finalist in *Best Places to Work in Kentucky* program annual competition sponsored by the Kentucky Society for Human Resource Management (KY SHRM) and the Kentucky Chamber of Commerce.

The Best Places to Work in Kentucky 2010 list is made up of 64 companies. KORT is one of only 8 companies throughout the Commonwealth to be recognized as a Best Place to Work in Kentucky every year since the program's inception.

The Best Places to Work in Kentucky is an initiative dedicated to identifying and recognizing the area's best employers. The statewide competition among large and medium-sized employers awards those companies that have created a productive and enriching workplace.

The program is a multi-year initiative to encourage companies in the Commonwealth to move their workplace environments toward excellence. The extensive and competitive selection process is a two-part approach including an assessment that looks at detailed organizational information submitted by the participating company in addition to anonymous individual employee surveys. This data is combined and analyzed to determine the strengths and opportunities of each company and then used to rank each company ultimately producing the "Best List".

Kentucky Orthopedic Rehab Team (KORT) is an outpatient physical and occupational therapy company and has more board-certified specialists than any other physical therapy provider in Kentucky. KORT's licensed athletic trainers provide sports medicine to numerous high schools and colleges. Founded in 1987, KORT has over 35 clinics throughout Kentucky and Southern Indiana.
